RE: Vasquez Boulevard/ Interstate 70 Site

Dear Celia:

I am pleased to transmit two copies of the final Feasibility Study Report for Operable Unit 1, Vasquez Boulevard/Interstate 70 (VB/I70) Superfund Site. With the release of this document, EPA will begin developing a Proposed Plan for remedial action at VB/I70 Operable Unit 1. The final Proposed Plan will be released to the general public and a 60 day public comment period will be provided. During the public comment period, EPA will accept comments on the Remedial Investigation Report, the Baseline Human Health Risk Assessment, and the Feasibility Study. EPA will select a remedy for VB/I70 Operable Unit 1 only after consideration of all comments received during the comment period. I will ensure that the City of Denver is provided a copy of the Proposed Plan and is notified of the start of the comment period.

Thank you for providing input into the development of this document on behalf of the City of Denver. If you have questions, please call me at (303)312-6579.

Sincerely,

Bonnie Lavelle
Remedial Project Manager
